After that loading screen two elites are standing on a part of the Arctic Circle. "Oh crap I just realized something" Frohman muttered "I don't know how to fly." On cue the helicopter crashed on those poor armored gun welding elite Combine soldiers who one was female. As fate would have it Frohman was flung out of the Helicopter ("SHIT!") and crashed head first into the Ret-coned Kraken Base.

****A/N:** Nothing to say but Short Prologue Chapter is short and the female elite= Reference to The leak so as the Kraken Base. So welcome to Concerned Episode 3 ******
